The Board of Directors, Board Committees and Meetings

The Company's Bylaws provide that the Board of Directors shall consist of not less than three nor more than eleven members. The term of office of each director is for a period of one year or until the election and qualification of his successor. A director is not required to be a resident of the State of Utah but must be a stockholder of the Company. The Board of Directors held a total of four meetings during the fiscal year ended December 31, 2012. Except for Messrs. George R. Quist, who passed away on September 6, 2012, and Charles L. Crittenden, no directors attended fewer than 75% of all meetings of the Board of Directors during the 2012 fiscal year.

The size of the Board of Directors of the Company for the coming year will be nine members. A majority of the Board of Directors must qualify as “independent” as that term is defined in Rule 4200 of the listing standards of the Nasdaq Stock Market. The Board of Directors has affirmatively determined that five of the nine members of the Board of Directors, Messrs. Charles L. Crittenden, Gilbert A. Fuller, Robert G. Hunter, M.D., H. Craig Moody and Norman G. Wilbur, are independent under the listing standards of the Nasdaq Stock Market.

Unless authority is withheld by your Proxy, it is intended that the common stock represented by your Proxy will be voted for the respective nominees listed above. If any nominee should not serve for any reason, the Proxy will be voted for such person as shall be designated by the Board of Directors to replace such nominee. The Board of Directors has no reason to expect that any nominee will be unable to serve. There is no arrangement between any of the nominees and any other person or persons pursuant to which he was or is to be selected as a director. There is no family relationship between or among any of the nominees, except that Scott M. Quist is the father of S. Andrew Quist, and Christie Q. Overbaugh is the mother of Jason G. Overbaugh and the sister of Scott M. Quist.

There are four committees of the Board of Directors, which meet periodically during the year: the Audit Committee, the Compensation Committee, the Executive Committee, and the Nominating and Corporate Governance Committee.

The Audit Committee directs the auditing activities of the Company's internal auditors and outside public accounting firm and approves the services of the outside public accounting firm. The Audit Committee consists of Messrs. Charles L. Crittenden, Gilbert A. Fuller, H. Craig Moody and Norman G. Wilbur (Chairman of the committee). During 2012, the Audit Committee met on three occasions.

The Compensation Committee is responsible for recommending to the Board of Directors for approval the annual compensation of each executive officer of the Company and the executive officers of the Company's subsidiaries, developing policy in the areas of compensation and fringe benefits, contributions under the Employee Stock Ownership Plan, contributions under the 401(k) Retirement Savings Plans, Deferred Compensation Plan, granting of options under the stock option plans, and creating other employee compensation plans. The Compensation Committee consists of Messrs. Charles L. Crittenden (Chairman of the committee), Gilbert A. Fuller, Robert G. Hunter, M.D., H. Craig Moody and Norman G. Wilbur. During 2012, the Compensation Committee met on one occasion.

The Executive Committee reviews Company policy, major investment activities and other pertinent transactions of the Company. The Executive Committee consists of Messrs. Scott M. Quist, J. Lynn Beckstead, Jr. and H. Craig Moody. During 2012, the Executive Committee met on one occasion.

The Nominating and Corporate Governance Committee identifies individuals qualified to become board members consistent with criteria approved by the board, recommends to the board the persons to be nominated by the board for election as directors at a meeting of stockholders, and develops and recommends to the board a set of corporate governance principles. The Nominating and Corporate Governance Committee consists of Messrs. Charles L. Crittenden, Gilbert A. Fuller, Robert G. Hunter, M.D., H. Craig Moody (Chairman of the committee), and Norman G. Wilbur. The Nominating and Corporate Governance Committee is composed solely of independent directors, as defined in the listing standards of the Nasdaq Stock Market. During 2012, the Nominating and Corporate Governance Committee met on three occasions.

Director Nominating Process

The process for identifying and evaluating nominees for directors include the following steps: (1) the Nominating and Corporate Governance Committee, Chairman of the Board or other board members identify a need to fill vacancies or add newly created directorships; (2) the Chairman of the Nominating and Corporate Governance Committee initiates a search and seeks input from board members and senior management and, if necessary, obtains advice from legal or other advisors (but does not hire an outside search firm); (3) director candidates, including any candidates properly proposed by stockholders in accordance with the Company's Bylaws, are identified and presented to the Nominating and Corporate Governance Committee; (4) initial interviews with candidates are conducted by the Chairman of the Nominating and Corporate Governance Committee; (5) the Nominating and Corporate Governance Committee meets to consider and approve final candidate(s) and conduct further interviews as necessary; and (6) the Nominating and Corporate Governance Committee makes recommendations to the board for inclusion in the slate of directors at the annual meeting. The evaluation process will be the same whether the nominee is recommended by a stockholder or by a member of the Board of Directors.

The Nominating and Corporate Governance Committee will consider nominees proposed by stockholders. To recommend a perspective nominee for the Nominating and Corporate Governance Committee's consideration, stockholders may submit the candidate's name and qualifications to: Jeffrey R. Stephens, General Counsel and Corporate Secretary, Security National Financial Corporation, 5300 South 360 West, Suite 250, Salt Lake City, Utah 84123. Recommendations from stockholders for nominees must be received by Mr. Stephens not later than the date set forth under "Deadline for Receipt of Stockholder's Proposals for Annual Meeting to be Held in July 2014" below.

The Nominating and Corporate Governance Committee operates pursuant to a written charter. The full text of the charter is published on the Company's website at www.securitynational.com. Stockholders may also obtain a copy of the charter without charge by writing to: Jeffrey R. Stephens, General Counsel and Corporate Secretary, Security National Financial Corporation, 5300 South 360 West, Suite 250, Salt Lake City, Utah 84123.

Meetings of Non-Management Directors

The Company's independent directors meet regularly in executive session without management. The Board of Directors has designated a lead director to preside at executive sessions of independent directors. Mr. H. Craig Moody is currently the lead director.

Stockholder Communications with the Board of Directors

Stockholders who wish to communicate with the Board of Directors or a particular director may send a letter to Jeffrey R. Stephens, General Counsel and Corporate Secretary, Security National Financial Corporation, 5300 South 360 West, Suite 250, Salt Lake City, Utah 84123. The mailing envelope must contain a clear notation indicating that the enclosed letter is a "Stockholder-Board Communication" or "Stockholder-Director Communication." All such letters must identify the author as a stockholder and clearly state whether the intended recipients are all members of the board or just certain specified individual directors. In the event of disability, Mr. Quist's salary would be continued for up to five years at 75% of its current level.

In the event of a sale or merger of the Company and Mr. Quist is not retained in his current position, the Company would be obligated to continue paying Mr. Quist's current compensation and benefits for seven years following the merger or sale. The agreement further provides that Mr. Quist is entitled to receive annual retirement benefits beginning (i) one month from the date of his retirement (to commence no sooner than age 65), (ii) five years following complete disability, or (iii) upon termination of his employment without cause. These retirement benefits are to be paid for a period of ten years in annual installments in the amount equal to 75% of his then current rate of compensation. However, in the event that Mr. Quist dies prior to receiving all retirement benefits thereunder, the remaining benefits are to be paid to his heirs. The Company expensed \$87,467 and \$145,036 in fiscal 2012 and 2011, respectively, to cover the present value of anticipated retirement benefits under the agreement. The liability accrued was \$1,173,242 and \$1,121,162 as of December 31, 2012 and 2011, respectively.

Employment Agreement with J. Lynn Beckstead, Jr.

Lynn Beckstead, Jr., Vice President of Mortgage Operations of the Company and President of SecurityNational Mortgage Company. The agreement has a five-year term ending December 4, 2008. The Company renewed the agreement on December 4, 2008 for an additional five-year term. The Company has agreed to renew the agreement on December 4, 2013 for additional five-year term, provided Mr. Beckstead performs his duties with usual and customary care and diligence. Under the terms of the agreement, Mr. Beckstead is to devote his full time to the Company serving as President of SecurityNational Mortgage Company at not less than his current salary and benefits, and to include \$350,000 of life insurance protection. In the event of disability, Mr. Beckstead's salary would be continued for up to five years at 50% of its current level.

In the event of a sale or merger of the Company, and Mr. Beckstead was not retained in his current position, the Company would be obligated to continue paying Mr. Beckstead's current compensation and benefits for five years following the merger or sale. The agreement further provides that Mr. Beckstead is entitled to receive annual retirement benefits beginning (i) one month from the date of his retirement (to commence no sooner than age 62½) (ii) five years following complete disability, or (iii) upon termination of his employment without cause. These retirement benefits are to be paid for a period of ten years in annual installments in the amount equal to 50% of his then current annual salary. However, in the event that Mr. Beckstead dies prior to receiving all retirement benefits thereunder, the remaining benefits are to be paid to his heirs. The Company expensed \$44,533 and \$58,964 in 2012 and 2011, respectively, to cover the present value of the anticipated retirement benefits of the agreement. Employee 401(k) Retirement Savings Plan

In 1995, the Board of Directors adopted the 401(k) Retirement Savings Plan. Under the terms of the 401(k) plan, effective January 1, 1995, the Company may make discretionary employer matching contributions to its employees who choose to participate in the plan. The plan allows the Board of Directors to determine the amount of the contributions to the plan at the end of each year. All persons who have completed at least one year's service with the Company and satisfy other plan requirements are eligible to participate in the plan. All Company matching contributions are invested in the Company's Class A common stock.

The Company may also contribute, at the discretion of the Board of Directors, an employer profit sharing contribution to the 401(k) plan. The employer profit sharing contribution is to be divided among three different classes of participants in the plan based upon the participant's title in the Company. All amounts contributed to the plan are deposited into a trust fund administered by an independent trustee. Beginning January 1, 2008, the Company elected to be a "Safe Harbor" Plan for its matching 401(k) contributions. The Company will match 100% of up to 3% of an employee's total annual compensation and 50% of 4% to 5% of an employee's annual compensation. The match is in shares of the Company's Class A common stock. The Company's matching contributions for 2012, 2011 and 2010 were \$222,719, \$208,206 and \$344,722, respectively, under the "Safe Harbor" Plan.

Employee Stock Ownership Plan

Effective January 1, 1980, the Company adopted an employee stock ownership plan (the "ESOP Plan") for the benefit of career employees of the Company and its subsidiaries. Under the ESOP Plan, the Company has discretionary power to make contributions on behalf of all eligible employees into a trust created under the ESOP Plan. Employees become eligible to participate in the ESOP Plan when they have attained the age of 19 and have completed one year of service (a twelve-month period in which the employee completes at least 1,040 hours of service).

The Company's contributions under the ESOP Plan are allocated to eligible employees on the same ratio that each eligible employee's compensation bears to total compensation for all eligible employees during each year. To date, the ESOP Plan has approximately 338 participants and had \$0 in contributions payable to the Plan in 2012. Benefits under the ESOP Plan vest as follows: 20% after the third year of eligible service by an employee, and an additional 20% in the fourth, fifth, sixth and seventh years of eligible service by an employee.

Benefits under the ESOP Plan will be paid out in one lump sum or in installments in the event the employee becomes disabled, reaches the age of 65, or is terminated by the Company and demonstrates financial hardship. The ownership plan committee, however, retains discretion to determine the final method of payment. Finally, the Company reserves the right to amend or terminate the ESOP Plan at any time. The trustees of the trust fund under the ESOP Plan are Scott M. Quist (Chairman) and Robert G. Hunter, who each serve as a director of the Company, and S. Andrew Quist who does not currently serve as a director.

Deferred Compensation Plan

In 2001, the Company's Board of Directors adopted a Non-Qualified Deferred Compensation Plan. Under the terms of the Non-Qualified Deferred Compensation Plan, the Company will provide deferred compensation for a select group of management or highly compensated employees, within the meaning of Sections 201(2), 301(a)(3) and 401(a)(1) of the Employee Retirement Income Security Act of

1974, as amended. The board has appointed a committee of the Company to be the plan administrator and to determine the employees who are eligible to participate in the plan. The employees who participate may elect to defer a portion of their compensation into the plan. The Company may contribute into the plan at the discretion of the Company's Board of Directors. The Company did not make any contributions during 2012, 2011 or 2010.

2003 Stock Option Plan

On July 11, 2003, the Company adopted the Security National Financial Corporation 2003 Stock Incentive Plan (the "2003 Plan"), which reserved 500,000 shares of Class A common stock and 1,000,000 shares of Class C common stock for issuance thereunder. The 2003 Plan was approved by the Board of Directors on May 9, 2003, and by the stockholders at the annual meeting of the stockholders held on July 11, 2003. The 2003 Plan allows the Company to grant options and issue shares as a means of providing equity incentives to key personnel, giving them a proprietary interest in the Company and its success and progress.

On July 13, 2007, the stockholders approved an amendment to the 2003 Plan to authorize an additional 400,000 shares of Class A common stock and an additional 1,000,000 shares of Class C common stock to be made available for issuance under the plan. On July 10, 2009, the stockholders approved an amendment to the 2003 Plan to authorize an additional 500,000 shares of Class A common stock and an additional 1,000,000 shares of Class C common stock to be made available for issuance under the plan.

On July 9, 2010, the stockholders approved an amendment to the 2003 Plan to authorize an additional 500,000 shares of Class A common stock to be made available for issuance under the plan, of which up to 100,000 Class A common shares could be issued as up to 1,000,000 shares of Class C common stock. On July 10, 2011, the stockholders approved an amendment to the 2003 Plan to authorize an additional 500,000 shares of Class A common stock to be made available for issuance under the plan, of which up to 100,000 Class A common shares could be issued as up to 1,000,000 shares of Class C common stock.

On July 6, 2012, the stockholders approved an amendment to the 2003 Plan to authorize an additional 450,000 shares of Class A common stock to be made available for issuance under the plan, of which up to 200,000 Class A common shares could be issued as up to 2,000,000 shares of Class C common stock.

The 2003 Plan provides for the grant of options and the award or sale of stock to officers, directors, and employees of the Company. Both "incentive stock options", as defined under Section 422A of the Internal Revenue Code of 1986 and "non-qualified options" may be granted under the 2003 Plan. The exercise prices for the options granted are equal to or greater than the fair market value of the stock subject to such options as of the date of grant, as determined by the Company's Board of Directors. The options granted under the 2003 Plan are to reward certain officers and key employees who have been employed by the Company for a number of years and to help the Company retain these officers by providing them with an additional incentive to contribute to the success of the Company.

The 2003 Plan is to be administered by the Board of Directors or by a committee designated by the board. The terms of options granted or stock awards or sales affected under the 2003 Plan are to be determined by the Board of Directors or its committee. The options shall be either fully exercisable on the date of grant or shall become exercisable thereafter in such installments as the board or the committee may specify.

The plan also provides that if the shares of common stock shall be subdivided or combined into a greater or smaller number of

shares or if the Company shall issue any shares of common stock as a stock dividend on its outstanding common stock, the number of shares of common stock deliverable upon the exercise of options shall be increased or decreased proportionately, and appropriate adjustments shall be made in the purchase price to reflect such subdivision, combination or stock dividend. In addition, the number of shares of common stock reserved for purposes of the plan shall be adjusted by the same proportion. No options may be exercised for a term of more than ten years from the date of grant.

Options intended as incentive stock options may be issued only to employees, and must meet certain conditions imposed by the code, including a requirement that the option exercise price be no less than then fair market value of the option shares on the date of grant. The 2003 Plan provides that the exercise price for non-qualified options will not be less than at least 50% of the fair market value of the stock subject to such option as of the date of grant of such options, as determined by the Company's Board of Directors. The 2003 Plan has a term of ten years.

2006 Director Stock Option Plan

On December 7, 2006, the Company adopted the 2006 Director Stock Option Plan (the "Director Plan"), effective December 7, 2006. The Director Plan provides for the grant by the Company of options to purchase up to an aggregate of 100,000 shares of Class A common stock for issuance thereunder. The Director Plan provides that each member of the Company's Board of Directors who is not an employee or paid consultant of the Company is automatically eligible to receive options to purchase the Company's Class A common stock under the Director Plan.

Effective as of December 7, 2006, and on each anniversary date thereof during the term of the Director Plan, each outside director shall automatically receive an option to purchase 1,000 shares of Class A common stock. In addition, each new outside director who first joins the Board after the effective date shall be granted an option to purchase 1,000 shares upon the date which such person first becomes an outside director and an annual grant of an option to purchase 1,000 shares on each anniversary date thereof during the term of the Director Plan. The options granted to outside directors shall vest in four equal quarterly installments over a one year period from the date of grant until such shares are fully vested. The primary purposes of the Director Plan are to enhance the Company's ability to attract and retain well-qualified persons for service as directors and to provide incentives to such directors to continue their association with the Company.

In the event of a merger of the Company with or into another company, or a consolidation, acquisition of stock or assets or other change in control transaction involving the Company, each option becomes exercisable in full, unless such option is assumed by the successor corporation. In the event the transaction is not approved by a majority of the "continuing directors" (as defined in the Director Plan), each option becomes fully vested and exercisable in full immediately prior to the consummation of such transaction, whether or not assumed by the successor corporation.

Compliance with Section 16(a) of the Securities Exchange Act of 1934

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's executive officers, directors and persons who own more than 10% of a registered class of the Company's equity securities to file reports of ownership and periodic changes in ownership of the Company's common stock with the Securities and Exchange Commission. Such persons are also required to furnish the Company with copies of all Section 16(a) reports they file.

Based solely on its review of the copies of stock reports received by it with respect to fiscal 2012, or written representations from certain reporting persons, the Company believes that its directors, officers and greater than 10% beneficial owners complied with all Section 16(a) filing requirements applicable to them, except each of the Company's officers and directors (with the exception of Gilbert Fuller) through an oversight, filed one late Form 4 report reporting the granting of stock options in April 2012.

In addition, Scott Quist, through an oversight, filed two late Form 4 reports disclosing the exercise of stock options in August 2012 and December 2012; and Lynn Beckstead, through an oversight, filed two late Form 4 reports disclosing the exercise of stock options in October 2012 and November 2012, and one late Form 4 disclosing one transaction involving the sale of shares of Class A common stock in December 2012.

Moreover, Stephen Sill, through an oversight, filed two late Form 4 reports disclosing the exercise of stock options in August 2012 and November 2012; Jeffrey Stephens, through an oversight, filed one late Form 4 report disclosing the exercise of stock options in December 2012 and one late Form 4 report disclosing one transaction involving the sale of shares of Class A common stock in December 2012; and Christie Overbaugh, through an oversight, filed two late Form 4 reports disclosing the exercise of stock options in November 2012 and December 2012.

REPORT OF THE COMPENSATION COMMITTEE

Compensation Discussion and Analysis

Under rules established by the Securities and Exchange Commission (the "Commission"), the Company is required to provide certain data and information in regard to the compensation and benefits provided to its Chief Executive Officer, Chief Financial Officer, and the three other most highly compensated executive officers. In fulfillment of this requirement, the Compensation Committee, at the direction of the Board of Directors, has prepared the following report for inclusion in this Proxy Statement.

Executive Compensation Philosophy. The Compensation Committee of the Board of Directors is composed of five directors (including Gilbert A. Fuller who was appointed a committee member on December 7, 2012), all of whom are independent, outside directors. The Compensation Committee is responsible for setting and administering the policies and programs that govern both annual compensation and stock ownership programs for the executive officers of the Company. The Company's executive compensation policy is based on principles designed to ensure that an appropriate relationship exists between executive pay and corporate performance, while at the same time motivating and retaining executive officers.

Executive Compensation Components. The key components of the Company's compensation program are base salary, an annual incentive award, and equity participation. These components are administered with the goal of providing total compensation that is competitive in the marketplace, rewards successful financial performance and aligns executive officers' interests with those of stockholders. The Compensation Committee reviews each component of executive compensation on an annual basis.

Base Salary. Base salaries for executive officers are set at levels believed by the Compensation Committee to be sufficient to attract and retain qualified executive officers. Base pay increases are provided to executive officers based on an evaluation of each executive's performance, as well as the performance of the Company as a whole. In establishing base

salaries, the Compensation Committee not only considers the financial performance of the Company, but also the success of the executive officers in developing and executing the Company's strategic plans, developing management employees and exercising leadership. The Compensation Committee believes that executive officer base salaries for 2012 were reasonable as compared to amounts paid by companies of similar size.

Annual Incentive. The Compensation Committee believes that a significant proportion of total cash compensation for executive officers should be subject to attainment of specific Company financial performance. This approach creates a direct incentive for executive officers to achieve desired performance goals and places a significant percentage of each executive officer's compensation at risk. Consequently, each year the Compensation Committee establishes potential bonuses for executive officers based on the Company's achievement of certain financial performance. The Compensation Committee believes that executive officer annual bonuses for 2012 were reasonable as compared to amounts paid by companies of similar size.

Stock Options. The Compensation Committee believes that equity participation is a key component of its executive compensation program. Stock options are granted to executive officers primarily based on the officer's actual and potential contribution to the Company's growth and profitability and competitive marketplace practices. Option grants are designed to retain executive officers and motivate them to enhance stockholder value by aligning the financial interests of executive officers with those of stockholders. Stock options also provide an effective incentive for management to create stockholder value over the long term since the full benefit of the compensation package cannot be realized unless an appreciation in the price of the Company's Class A common stock occurs over a number of years.

Compensation of Chief Executive Officer. Consistent with the executive compensation policy and components described above, the Compensation Committee determined the salary, bonus and stock options received by George R. Quist, the former Chairman of the Board and Chief Executive Officer of the Company who passed away on September 6, 2012, for services rendered in 2012. Mr. Quist had received a base salary of \$203,625 for 2012 prior to his death. Under the Compensation Committee's rules, the Chief Executive Officer may not be present during voting or deliberations related to his compensation.

REPORT OF THE AUDIT COMMITTEE

The Company has an Audit Committee consisting of four non-management directors, Charles L. Crittenden, Gilbert A. Fuller (who was appointed a committee member on December 7, 2012), H. Craig Moody and Norman G. Wilbur. Each member of the Audit Committee is considered independent and qualified in accordance with applicable independent director and audit committee listing standards. The Company's Board of Directors has adopted a written charter for the Audit Committee.

During the year 2012, the Audit Committee met three times. The Audit Committee has met with management and discussed the Company's internal controls, the quality of the Company's financial reporting, the results of internal and external audit examinations, and the audited financial statements. In addition, the Audit Committee met with the Company's independent registered public accountants, Hansen, Barnett & Maxwell, P.C. and discussed all matters required to be discussed by the auditors with the Audit Committee under Statement on Auditing Standards No. 114 (communication with audit committees). The Audit Committee reviewed and discussed with the auditors their annual written report on their independence from the Company and its management, which is made under Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and Public Company Accounting Oversight Board Rule No. 3526 (Communication with Audit Committees Concerning Independence), and considered with the auditors whether the non-audit services provided by them to the Company during 2012 was compatible with the auditors' independence.

In performing these functions, the Audit Committee acts only in an oversight capacity. In its oversight role, the Audit Committee relies on the work and assurances of the Company's management, which is responsible for the integrity of the Company's internal controls and its financial statements and reports, and the Company's independent auditors, who are

responsible for performing an independent audit of the Company's financial statements in accordance with generally accepted auditing standards and for issuing a report on these financial statements.

Pursuant to the reviews and discussions described above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2012, for filing with the Securities and Exchange Commission.

**APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF THE
COMPANY'S NAMED EXECUTIVE OFFICERS**

PROPOSAL 2

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, enables the Company's stockholders to vote to approve, on an advisory (nonbinding) basis, the compensation of the Named Executive Officers as disclosed in this Proxy Statement in accordance with the SEC's rules.

As discussed in the Compensation Discussion and Analysis, the Company designs its compensation programs to maintain a performance- and achievement-oriented environment throughout the Company. The goals of the Company's executive compensation program are to provide total compensation that is competitive in the market place and that rewards successful financial performance in order to attract, retain, and motivate high-qualified executives, and to align executive officers' interests with those of the stockholders.

Consistent with these goals and as discussed in the Compensation Discussion and Analysis, the Compensation Committee has designed guiding principles designed to ensure that an appropriate relationship exists between executive pay and corporate performance, while at the same time motivating and retaining executive officers.

The Company is asking its stockholders to indicate their support for the compensation of the Company's Named Executive Officers as described in this Proxy Statement. This proposal, commonly known as a "say-on-pay" proposal, gives the stockholders the opportunity to express their views on the compensation of the Named Executive Officers. This vote is not intended to address any specific item of compensation, but rather the overall compensation of the Company's Named Executive Officers and the philosophy, policies, and practices described in this Proxy Statement. Accordingly, the Board of Directors will ask the stockholders to vote "FOR" the following resolution at the Annual Meeting:

"RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the named Executive Officers, as disclosed in the Company's Proxy Statement for the 2013 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the 2012 Summary Compensation Table, and the other related tables and disclosure."

The say-on-pay vote is advisory, and therefore not binding on the Company, the Board of Directors, or the Compensation Committee. The Board of Directors and the Compensation Committee value the opinions of the Company's stockholders and will take into account the outcome of this vote in considering future compensation arrangements.

The Board of Directors recommends that the stockholders vote "FOR" approval, on an advisory basis, of the compensation of the Company's Named Executive Officers.

APPROVAL OF THE 2013 STOCK OPTION PLAN

PROPOSAL 3

On May 14, 2013, the Board of Directors adopted the 2013 Stock Option Plan (the “2013 Plan”), effective May 14, 2013. This section, which summarizes the material terms of the 2013 Plan, is qualified in its entirety by and subject to the full text of the 2013 Plan, which is attached to this Proxy Statement as Appendix A. The 2013 Plan provides for the reservation of 450,000 shares of Class A Common Stock to be made available for issuance under the plan, of which up to 150,000 Class A common shares could be issued as up to 1,500,000 shares of Class C Common Stock.

The stockholders will be asked to approve the adoption of the 2013 Plan and the reservation of shares of issuance thereunder at the Annual Meeting of Stockholders. Management recommends that stockholders vote for the approval of the adoption of the 2013 Plan so as to allow the grant of options and the issuance of shares as a means of providing equity incentives to key personnel, giving them a proprietary interest in the Company and its success and progress. The affirmative vote of the holders of a majority of the outstanding shares entitled to vote and represented at the Annual Meeting will be required to approve the adoption of the 2013 Plan.

The 2013 Plan provides for the grant of options and the award or sale of stock to officers, directors, and employees of the Company. Both “incentive stock options”, as defined under Section 422A of the Internal Revenue Code of 1986 (the “Code”) and “non-qualified options” may be granted under the 2013 Plan.

The 2013 Plan is to be administered by the Board of Directors or by a committee designated by the Board. The terms of options granted or stock awards or sales affected under the 2013 Plan are to be determined by the Board of Directors or its compensation committee. No options may be exercised for a term of more than ten years from the date of grant. Options intended as incentive stock options may be issued only to employees, and must meet certain conditions imposed by the code, including a requirement that the option exercise price be no less than the fair market value of the option shares on the date of grant. The 2013 Plan provides that the exercise price for non-qualified options will be not less than at least 50% of the fair market value of the stock subject to such option as of the date of grant of such options, as determined by the Company’s Board of Directors.

The 2013 Plan has a term of ten years. The Board of Directors may amend or terminate the 2013 Plan at any time, from time to time, subject to approval of certain modifications to the 2013 Plan by the stockholders of the Company as may be required by law or the 2013 Plan.

The Company has in the past used, and intends in the future to use, stock options as incentive devices to motivate and compensate its salaried officers and other key employees, and believes that equity incentives represented by stock options enhances the Company’s ability in attracting and retaining the best possible persons for positions of significant responsibility by providing its officers and other key employees with additional incentives to contribute to the Company’s success. Management further believes that the availability of such equity incentives has served, and will continue to serve, an important part in the implementation of the Company’s growth strategy.

The Board of Directors recommends that the stockholders vote “FOR” approval of the adoption of the 2013 Stock Option Plan and the reservation of 450,000 shares of Class A common stock to be made available for issuance under the plan, of which up to 150,000 Class A common shares could be issued as up to 1,500,000 shares of Class C common stock.

PROPOSAL 4

The independent public accounting firm of Hansen, Barnett & Maxwell, P.C. has been the Company's independent registered public accountants since May 20, 2005. The Audit Committee has recommended and the Board of Directors has appointed Hansen, Barnett & Maxwell, P.C. for purposes of auditing the consolidated financial statements of the Company for the fiscal year ending December 31, 2013. It is anticipated that representatives of Hansen, Barnett & Maxwell, P.C. will be present at the Annual Meeting and will be provided an opportunity to make a statement if they desire, and to be available to respond to appropriate questions.

The Board of Directors recommends that stockholders vote "FOR" ratification of the appointment of Hansen, Barnett & Maxwell, P.C. as the Company's independent registered public accountants for fiscal year ending December 31, 2013.

Fees for the year 2012 for the annual audit of the financial statements and employee benefit plans and related quarterly reviews by the Company's independent registered public accountants were \$400,425. In addition, there were \$89,698 in tax preparation fees during 2012.

OTHER MATTERS

The Company knows of no other matters to be brought before the Annual Meeting, but if other matters properly come before the meeting, it is the intention of the persons named in the enclosed form of Proxy to vote the shares they represent in accordance with their judgment.

SECURITY NATIONAL FINANCIAL CORPORATION

2013 STOCK OPTION PLAN

1. **Purpose.** This 2013 Stock Option Plan (the “Plan”) is intended to provide incentives: (a) to the officers and other employees of Security National Financial Corporation, a Utah corporation (the “Company”), and any present or future subsidiaries of the Company (collectively, “Related Corporations”) by providing them with opportunities to purchase stock in the Company pursuant to options granted hereunder which qualify as “incentive stock options” under Section 422A(b) of the Internal Revenue Code of 1986, as amended (the “Code”) (“ISO” or “ISOs”); (b) to directors, officers, employees and consultants of the Company and Related Corporations by providing them with opportunities to purchase stock in the Company pursuant to options granted hereunder which do not qualify as ISOs (“Non-Qualified Option” or “Non-Qualified Options”); (c) to directors, officers, employees and consultants of the Company and Related Corporations by providing them with awards of stock in the Company (“Awards”); and (d) to directors, officers, employees and consultants of the Company and Related Corporations by providing them with opportunities to make direct purchases of stock in the Company (“Purchases”). Both ISOs and Non-Qualified Options are referred to hereafter individually as an “Option” and collectively as “Options.” Options, Awards and authorizations to make Purchases are referred to hereafter collectively as “Stock Rights.” As used herein, the terms “parent” and “subsidiary” mean “parent corporation” and “subsidiary corporation,” respectively, as those terms are defined in Section 425 of the Code.

2. **Administration of the Plan.**

(a) **Board or Committee Administration.** The Plan shall be administered solely by the Board of Directors of the Company (the “Board”) or a Compensation Committee (the “Committee”) of not less than two members of the Board of Directors. Hereinafter, all references in this Plan to the “Committee” shall mean the Board if no Committee has been appointed. Subject to ratification of the grant or authorization of each Stock Right by the Board (if so required by applicable state law), and subject to the terms of the Plan, the Committee shall have the authority to (i) determine the employees of the Company and Related Corporations (from among the class of employees eligible under Section 3 hereof to receive ISOs) to whom ISOs may be granted, and to determine (from among the class of individuals and entities eligible under Section 3 to receive Non-Qualified Options and Awards and to make Purchases) to whom Non-Qualified Options, Awards and authorizations to make Purchases may be granted; (ii) determine the time or times at which Options or Awards may be granted or Purchases made; (iii) determine the option price of shares subject to each Option, which price shall not be less than the minimum price specified in Section 6, and the purchase price of shares subject to each Purchase; (iv) determine whether each Option granted shall be an ISO or a Non-Qualified Option; (v) determine (subject to Section 7) the time or times when each Option shall become exercisable and the duration of the exercise period; (vi) determine whether restrictions such as repurchase options are to be imposed on shares subject to Options, Awards and Purchases and the nature of such restrictions, if any, and (vii) interpret the Plan and prescribe and rescind rules and regulations relating to it. If the Committee determines to issue a Non-Qualified Option, it shall take whatever actions it deems necessary, under Section 422A of the Code and the regulations promulgated thereunder, to ensure that such Option is not treated as an ISO. The interpretation and construction by the Committee of any provisions of the Plan or of any Stock Right granted under it shall be final unless otherwise determined by the Board. The Committee may from time to time adopt such rules and regulations for carrying out the Plan as it may deem best. No member of the Board or the Committee shall be liable for any action or determination made in good faith with respect to the Plan or any Stock Right granted under it.

(b) **Committee Actions.** The Committee may select one of its members as its chairman, and shall hold meetings at such times and places as it may determine. Acts by a majority of the Committee, or acts reduced to or approved in writing by a majority of the members of the Committee, shall be the valid acts of the Committee. From time to time the Board may increase the size of the Committee and appoint additional members thereof, remove members

(with or without cause) and appoint new members in substitution therefor, fill vacancies however caused, or remove all members of the Committee and thereafter directly administer the Plan.

(c) **Grant of Stock Rights to Board Members.** Stock Rights may be granted to members of the Board, but any such grant shall be made and approved in accordance with Section 2(d), if applicable. All grants of Stock Rights to members of the Board shall in all other respects be made in accordance with the provisions of this Plan applicable to other eligible persons. Members of the Board who are either (i) eligible for Stock Rights pursuant to the Plan or (ii) have been granted Stock Rights may vote on any matters affecting the administration of the Plan or the grant of any Stock Rights pursuant to the Plan, except that no such member shall act upon the granting to himself of Stock Rights, but any such member may be counted in determining the existence of a quorum at any meeting of the Board during which action is taken with respect to the granting to him of Stock Rights.

(d) **Compliance with Federal Securities Laws.** Various restrictions apply to officers and directors and others who may be deemed insiders. Holders of Stock Rights should consult with legal and tax advisors regarding the securities law, tax law and other effects of transactions under this Plan. These restrictions relate to holding periods, alternative minimum tax calculations and other matters and should be clearly understood by the Stock Rights holder.

(e) **Intent of Plan.** This Plan is intended to be an “employee benefit plan” under Rule 16b-3 promulgated under Section 16(b) of the Securities Exchange Act of 1934, as amended. This Plan is also intended to be a “compensatory benefit plan” under Rule 701 promulgated under the Securities Act of 1933, as amended. Transactions under the Plan are intended to comply with these rules. To the extent any provisions of the Plan or any action by the Committee or the Board fails to so comply, it shall be deemed null and void, to the extent permitted by law and deemed advisable by the Committee or the Board.

(f) **Shareholder Approval.** Grants of incentive stock options hereunder shall be subject to shareholder approval of this Plan within twelve (12) months following the date this Plan is approved by the Board.

3. **Eligible Employees and Others.** ISOs may be granted to any employee of the Company or any Related Corporation. Those officers and directors of the Company who are not employees may not be granted ISOs under the Plan. Non-Qualified Options, Awards and authorizations to make Purchases may be granted to any employee, officer or director (whether or not also an employee) or consultant of the Company or any Related Corporation. The Committee may take into consideration a recipient's individual circumstances in determining whether to grant an ISO, a Non-Qualified Option, an Award or an authorization to make a Purchase. Granting of any Stock Right to any individual or entity shall neither entitle that individual or entity to, nor disqualify him from, participation in any other grant of Stock Rights.

4. **Stock.** The stock subject to Options, Awards and Purchases shall be authorized but unissued shares of Class A Common Stock of the Company, par value \$2.00 per share, and Class C Common Stock of the Company, par value \$.20 per share (collectively referred to as the “Common Stock”), or shares of Common Stock reacquired by the Company in any manner. The aggregate number of shares which may be issued pursuant to the Plan is 450,000 shares of Class A Common Stock, of which up to 150,000 share of Class A Common Stock could be issued in place of up to 1,500,000 shares of Class C Common Stock. The shares of Class A Common Stock and Class C Common Stock are subject to adjustment as provided in Section 13. Any such shares may be issued as ISOs, Non-Qualified Options or Awards, or to persons or entities making Purchases, so long as the number of shares so issued does not exceed such number, as adjusted. If any Option granted under the Plan shall expire or terminate for any reason without having been exercised in full or shall cease for any reason to be exercisable in whole or in part, or if the Company shall reacquire any unvested shares issued pursuant to Awards or Purchases, the unpurchased shares subject to such Options and any unvested shares so reacquired by the Company shall again be available for grants of Stock Rights under the Plan.

5. **Granting of Stock Rights.** Stock Rights may be granted under the Plan at any time until ten years after the date of the adoption of the Plan. The date of grant of a Stock Right under the Plan will be the date specified by the Committee at the time it grants the Stock Right; provided, however, that such date shall not be prior to the date on which the Committee acts to approve the grant. The Committee shall have the right, with the consent of the optionee, to convert an ISO granted under the Plan to a Non-Qualified Option pursuant to Section 16.

6. **Minimum Option Price; ISO Limitations.**

(a) **Price for Non-Qualified Options.** The exercise price per share specified in the agreement relating to each Non-Qualified Option granted under the Plan shall in no event be less than the lesser of (i) the book value per share of Common Stock as of the end of the fiscal year of the Company immediately preceding the date of such grant, or (ii) fifty percent (50%) of the fair market value per share of Common Stock on the date of such grant. Subject to the foregoing sentence, the exercise price and nature of consideration for Non-Qualified Options granted hereunder shall be determined by the Committee or Board in its sole discretion, taking into account factors it deems relevant.

(b) **Price for ISOs.** The exercise price per share specified in the agreement relating to each ISO granted under the Plan shall not be less than the fair market value per share of Common Stock on the date of such grant. In the case of an ISO to be granted to an employee to purchase shares of Class C Common Stock, the exercise price shall not be less than one-tenth (1/10) of the fair market value of the Class A Common Stock on the date of such grant. In the case of an ISO to be granted to an employee owning stock possessing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or any Related Corporation, the price per share specified in the agreement relating to such ISO shall not be less than one hundred ten percent (110%) of the fair market value per share of Common Stock on the date of grant.

(c) **\$100,000 Annual Limitation on ISOs.** Each eligible employee may be granted ISOs only to the extent that, in the aggregate under this Plan and all incentive stock option plans of the Company and any Related Corporation, such ISOs do not become exercisable for the first time by such employee during any calendar year in a manner which would entitle the employee to purchase more than \$100,000 in fair market value (determined at the time the ISOs were granted) of Common Stock in that year. Any options granted to an employee in excess of such amount will be granted as Non-Qualified Options.

(d) **Awards and Purchases.** Awards and Purchases under this Plan shall be made at prices equal to the fair market value of the Company's Common Stock on the date of such Award or Purchase. Fair Market Value shall be determined by the Committee or the Board in its sole discretion in accordance with Section 6(e) hereof. Shares of Common stock may be issued in Award and Purchase transactions for any lawful consideration determined by the Board or the Committee, in its sole discretion.

(e) **Determination of Fair Market Value.** If, at the time an Option is granted under the Plan to purchase shares of Class A Common Stock, the Company's Class A Common Stock is publicly traded, "fair market value" shall be determined as of the last business day for which the prices or quotes discussed in this sentence are available prior to the date such Option is granted and shall mean (i) the average (on that date) of the high and low prices of the Class A Common Stock on the principal national securities exchange on which the Class A Common Stock is traded, if the Class A Common Stock is then traded on a national securities exchange; or (ii) the last reported sale price (on that date) of the Class A Common Stock on the Nasdaq National Market List, if the Class A Common Stock is not then traded on a national securities exchange; or (iii) the closing bid price (or average of bid prices) last quoted (on that date) by an established quotation service for over-the-counter securities, if the Class A Common Stock is not reported on the Nasdaq National Market List. However, if the Class A Common Stock is not publicly traded at the time an Option is granted under the Plan, "fair market value" shall be deemed to be the fair value of the Class A Common Stock as determined by the Committee after taking into consideration all factors which it deems appropriate, including, without limitation, recent sale and offer prices of the Class A Common Stock in private transactions negotiated at arm's length. For purposes of determining the "fair market value" of shares of Class C Common Stock, the value of such shares shall be equal to one-tenth (1/10) of the "fair market value" of the Class A Common Stock at the time an option is granted under the Plan to purchase shares of Class C Common Stock.

7. **Option Duration.** Subject to earlier termination as provided in Sections 9 and 10 hereof, each Option shall expire on the date specified by the Committee, but not more than (i) ten (10) years and one day from the date of grant in the case of Non-Qualified Options, (ii) ten (10) years from the date of grant in the case of ISOs generally, and (iii) five (5) years from the date of grant in the case of ISOs granted to an employee owning stock possessing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or any Related Corporation. Subject to earlier termination as provided in Sections 9 and 10, the term of each ISO shall be the term set forth in the original instrument granting such ISO, except with respect to any part of such ISO that is converted into a Non-Qualified Option pursuant to Section 16.

8. **Exercise of Option.** Subject to the provisions of Sections 9 through 12 hereof, each Option granted under the Plan shall be exercisable as follows:

(a) **Vesting.** The Option shall either be fully exercisable on the date of grant or shall become exercisable thereafter in such installments as the Committee may specify.

(b) **Full Vesting of Installments.** Once an installment becomes exercisable it shall remain exercisable until expiration or termination of the Option, unless otherwise specified by the Committee.

(c) **Partial Exercise.** Each Option or installment may be exercised at any time or from time to time, in whole or in part, for up to the total number of shares with respect to which it is then exercisable.

(d) **Acceleration of Vesting.** The Committee shall have the right to accelerate the date of exercise of any installment of any Option; provided that the Committee shall not, without the consent of an optionee, accelerate the exercise date of any installment of any Option granted to any employee as an ISO (and not previously converted into a Non-Qualified Option pursuant to Section 16) if such acceleration would violate the annual vesting limitation contained in Section 422A(d) of the Code, as described in Section 6(c) hereof.

(e) **Exercise of Options to Purchase Class C Common Stock.** When exercising Options to purchase shares of Class C Common Stock, the exercise price shall not be less than one-tenth (1/10) of the fair market value of the Class A Common Stock on the date of grant, and the purchase price, in determining the number of shares of Class C Common Stock deliverable upon the exercise of such Options, shall not be less than one-tenth (1/10) of the fair market value of the Class A Common Stock on the date such Options are exercised.

9. **Termination of Employment.** If an ISO optionee ceases to be employed by the Company and all Related Corporations other than by reason of death or disability as defined in Section 10, no further installments of such optionee's ISOs shall become exercisable, and such optionee's ISOs shall terminate after the passage of ninety (90) days from the date of termination of such optionee's employment, but in no event later than on their specified expiration dates, except to the extent that such ISOs (or unexercised installments thereof) have been converted into Non-Qualified Options pursuant to Section 16 hereof. Employment shall be considered as continuing uninterrupted during any bona fide leave of absence (such as those attributable to illness, military obligations or governmental service) provided that the period of such leave does not exceed ninety (90) days or, if longer, any period during which such optionee's right to reemployment is guaranteed by statute. A bona fide leave of absence with the written approval of the Committee shall not be considered an interruption of employment under the Plan, provided that such written approval contractually obligates the Company or any Related Corporation to continue the employment of the optionee after the approved period of absence. ISOs granted under the Plan shall not be affected by any change of employment within or among the Company and Related Corporations, so long as the optionee continues to be an employee of the Company or any Related Corporation. Nothing in the Plan shall be deemed to give any grantee of any Stock Right the right to be retained in employment or other service by the Company or any Related Corporation for any period of time.

10. **Death; Disability.**

(a) **Death.** If an ISO optionee ceases to be employed by the Company and all Related Corporations by reason of such optionee's death, any ISO of such optionee may be exercised, to the extent of the number of shares with respect to which the optionee could have exercised on the date of the optionee's death, by the optionee's estate, personal representative or beneficiary who has acquired the ISO by will or by the laws of descent and distribution, at any time prior to the earlier of the specified expiration date of the ISO or one year from the date of the optionee's death.

(b) **Disability.** If an ISO optionee ceases to be employed by the Company and all Related Corporations by reason of disability, such optionee (or such optionee's custodian) shall have the right to exercise any ISO held by such optionee on the date of termination of employment, to the extent of the number of shares with respect to which the optionee could have exercised on that date, at any time prior to the earlier of the specified expiration date of the ISO or one year from the date of the termination of the optionee's employment. For the purposes of the Plan, the term "disability" shall mean "permanent and total disability" as defined in Section 22(e)(3) of the Code or any successor statute.

11. **Transferability.** No ISO granted under the Plan shall be transferable or assignable by the optionee except by will or by the laws of descent and distribution, and must be exercisable, during the lifetime of the optionee, only by the optionee. Unless approved by the Board or the Committee, no Non-Qualified Option granted under the Plan shall be transferable or assignable by optionee except by will or by the laws of descent and distribution, and must be exercisable, during the lifetime of the optionee, only by the optionee.

12. **Terms and Conditions of Options.** Options shall be evidenced by instruments (which need not be identical) in such forms as the Committee may from time to time approve. Such instruments shall conform to the terms and conditions set forth in Sections 6 through 11 hereof and may contain such other provisions as the Committee deems advisable which are not inconsistent with the Plan, including restrictions applicable to shares of Common Stock issuable upon exercise of Options. In granting any Non-Qualified Option, the Committee may specify that such Non-Qualified Option shall be subject to the restrictions set forth herein with respect to ISOs, or to such other termination and cancellation provisions as the Committee may determine. The Committee may from time to time confer authority and responsibility on one or more of its own members and/or one or more officers of the Company to execute and deliver such instruments. The proper officers of the Company are authorized and directed to take any and all action necessary or advisable from time to time to carry out the terms of such instruments.

13. **Adjustments.** Upon the occurrence of any of the following events, an optionee's rights with respect to Options granted to the optionee hereunder shall be adjusted as hereinafter provided, unless otherwise specifically provided in the written agreement between the optionee and the Company relating to such Option:

(a) **Stock Dividends and Stock Splits.** If the shares of Common Stock shall be subdivided or combined into a greater or smaller number of shares or if the Company shall issue any shares of Common Stock as a stock dividend on its outstanding Common Stock, the number of shares of Common Stock deliverable upon the exercise of Options shall be appropriately increased or decreased proportionately, and appropriate adjustments shall be made in the purchase price per share to reflect such subdivision, combination or stock dividend.

(b) **Assumption of Options by Successors.** In the event of a dissolution or liquidation of the Company, a merger in which the Company is not the surviving corporation, or the sale of substantially all of the assets of the Company, the Committee may in its sole discretion accelerate the exercisability of any or all outstanding Options so that such Options would be exercisable in full prior to the consummation of such dissolution, liquidation, merger or sale of assets at such times and on such conditions as the Committee shall determine, unless the successor corporation, if any, assumes the outstanding Options or substitutes substantially equivalent options.

(c) **Recapitalization or Reorganization.** In the event of a recapitalization or reorganization of the Company (other than a transaction described in subsection (b) above) pursuant to which securities of the Company or of another corporation are issued with respect to the outstanding shares of Common Stock, an optionee upon exercising an Option shall be entitled to receive for the purchase price paid upon such exercise the securities the optionee would have received if the optionee had exercised the Option prior to such recapitalization or reorganization.

(d) **Modification of ISOs.** Notwithstanding the foregoing, any adjustments made pursuant to subsections (a), (b) or (c) with respect to ISOs shall be made only after the Committee, after consulting with counsel for the Company, determines whether such adjustments would constitute a "modification" of such ISOs (as that term is defined in Section 425 of the Code) or would cause any adverse tax consequences for the holders of such ISOs. If the Committee determines that such adjustments made with respect to ISOs would constitute a modification of such ISOs, it may refrain from making such adjustments.

(e) **Dissolution or Liquidation.** In the event of the proposed dissolution or liquidation of the Company, each Option will terminate immediately prior to the consummation of such proposed action or at such other time and subject to such other conditions as shall be determined by the Committee.

(f) **Issuances of Securities.** Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares subject to Options. No adjustments shall be made for dividends paid in cash or in property other than securities of the Company.

(g) **Fractional Shares.** No fractional shares shall be issued under the Plan and the optionee shall receive from the Company cash in lieu of such fractional shares.

(h) **Adjustments.** Upon the happening of any of the foregoing events described in subsections (a), (b) or (c) above, the class and aggregate number of shares set forth in Section 4 hereof that are subject to Stock Rights which previously have been or subsequently may be granted under the Plan shall also be appropriately adjusted to reflect the events described in such subsections. The Committee or the Successor Board shall determine the specific adjustments to be made under this Section 13 and, subject to Section 2, its determination shall be conclusive. If any person or entity owning restricted Common Stock obtained by exercise of a Stock Right made hereunder receives shares or securities or cash in connection with a corporate transaction described in subsections (a), (b) or (c) above as a result of owning such restricted Common Stock, such shares or securities or cash shall be subject to all of the conditions and restrictions applicable to the restricted Common Stock with respect to which such shares or securities or cash were issued, unless otherwise determined by the Committee or the Board.

14. **Means of Exercising Stock Rights.** A Stock Right (or any part or installment thereof) shall be exercised by giving written notice to the Company at its principal office address. Such notice shall identify the Stock Right being exercised and specify the number of shares as to which such Stock Right is being exercised, accompanied by full payment of the purchase price therefor either (a) in United States dollars in cash or by check, or (b) at the discretion of the Committee, through delivery of shares of Common Stock having a fair market value equal as of the date of the exercise to the cash exercise price of the Stock Right, or (c) at the discretion of the Committee, through the use of some of the shares in a fully vested account of the holder of the Stock Right in a pension or profit sharing plan, including a 401(k) plan or employee stock ownership plan, or (d) at the discretion of the Committee, through the use of some of the shares or the rights to purchase some of the shares for which the Stock Right is being exercised, or (e) at the discretion of the Committee, by any combination of (a), (b), (c) and (d) above. If the Committee exercises its discretion to permit payment of the exercise price of a Stock Right by means of the methods set forth in clauses (b), (c), (d), or (e) of the preceding sentence, such discretion shall be exercised in writing at the time of the grant of the Stock Right in question. The holder of a Stock Right shall not have the rights of a shareholder with respect to the shares covered by his Stock Right until the date of issuance of a stock certificate to him for such shares. Except as expressly provided above in Section 13 with respect to changes in capitalization and stock dividends, no adjustment shall be made for dividends or similar rights for which the record date is before the date such stock certificate is issued.

15. **Term and Amendment of Plan.** This Plan was adopted by the Board on May 14, 2013, subject (with respect to the validation of ISOs granted under the Plan) to approval of the Plan by the stockholders of the Company at the next meeting of the stockholders. If the approval of stockholders is not obtained by May 14, 2013, any grants of ISOs under the Plan made prior to that date will be rescinded. The Plan shall expire on May 14, 2023 (except as to Options outstanding on that date). Subject to the provisions of Section 5 above, Stock Rights may be granted under the Plan prior to the date of stockholder approval of the Plan. The Board may terminate or amend the Plan in any respect at any time, except that, without the approval of the stockholders obtained within twelve (12) months before or after the Board adopts a resolution authorizing any of the following actions: (a) the total number of shares that may be issued under the Plan may not be increased (except by adjustment pursuant to Section 13); (b) the provisions of Section 3 regarding eligibility for grants of ISOs may not be modified; (c) the provisions of Section 6(b) regarding the exercise price at which shares may be offered pursuant to ISOs may not be modified (except by adjustment pursuant to Section 13); and (d) the expiration date of the Plan may not be extended. Except as otherwise provided in this Section 15, in no event may action of the Board or stockholders alter or impair the rights of a grantee, without such grantee's consent, under any Stock Right previously granted to such grantee. The Committee may amend the terms of any Stock Right granted if such amendment is agreed to by the recipient of such Stock Right.

16. **Conversion of ISOs Into Non-Qualified Options; Termination of ISOs.** The Committee, at the written request of any optionee, may in its discretion take such actions as may be necessary to convert such optionee's ISOs (or any installments or portions of installments thereof) that have not been exercised on the date of conversion into Non-Qualified Options at any time prior to the expiration of such ISOs, regardless of whether the optionee is an employee of the Company or a Related Corporation at the time of such conversion. Such actions may include, but shall not be limited to, extending the exercise period or reducing the exercise price of the appropriate installments of such Options. At the time of such conversion, the Committee (with the consent of the Optionee) may impose such conditions on the exercise of the resulting Non-Qualified Options as the Committee in its discretion may determine, provided that such conditions shall not be inconsistent with this Plan. Nothing in this Plan shall be deemed to give any optionee the right to have such optionee's ISOs converted into Non-Qualified Options, and no such conversion shall occur until and

unless the Committee takes appropriate action. The Committee, with the consent of the optionee, may also terminate any portion of any ISO that has not been exercised at the time of such termination.

17. **Application of Funds.** The proceeds received by the Company from the sale of shares pursuant to Options granted and Purchases authorized under the Plan shall be used for general corporate purposes.

18. **Governmental Regulation.** The Company's obligation to sell and deliver shares of Common Stock under this Plan is subject to the approval of any governmental authority required in connection with the authorization, issuance or sale of such shares.

19. **Withholding of Additional Income Taxes.** Upon the exercise of a Non-Qualified Option, the grant of an Award, the making of a Purchase of Common Stock for less than its fair market value, the making of a Disqualifying Disposition (as defined in Section 20 hereof) or the vesting of restricted Common Stock acquired on the exercise of a Stock Right hereunder, the Company, in accordance with Section 3402(a) of the Code, may require the optionee, Award recipient or purchaser to pay additional withholding taxes in respect of the amount that is considered compensation includable in such person's gross income. The Committee in its discretion may condition (i) the exercise of an Option, (ii) the grant of an Award, (iii) the making of a Purchase of Common Stock for less than its fair market value, or (iv) the vesting of restricted Common Stock acquired by exercising a Stock Right, on the grantee's payment of such additional withholding taxes.

20. **Notice to Company of Disqualifying Disposition.** Each employee who receives an ISO must agree to notify the Company in writing immediately after the employee makes a Disqualifying Disposition of any Common Stock acquired pursuant to the exercise of an ISO. A Disqualifying Disposition is any disposition (including any sale) of such Common Stock before the later of (a) two years after the date the employee was granted the ISO, or (b) one year after the date the employee acquired Common Stock by exercising the ISO. If the employee has died before such stock is sold, these holding period requirements do not apply and no Disqualifying Disposition can occur thereafter.

21. **Governing Law; Construction.** The validity and construction of the Plan and the instruments evidencing Stock Rights shall be governed by the laws of the State of Utah. In construing this Plan, the singular shall include the plural and the masculine gender shall include the feminine and neuter, unless the context otherwise requires.

22. **Financial Assistance.** The Company is vested with authority under this Plan to assist any employee to whom an Option is granted hereunder (including any director or officer of the Company or any of its Related Corporations who is also an employee) in the payment of the purchase price payable on exercise of that Option, by lending the amount of such purchase price to such employee on such terms and at such rates of interest and upon such security (or unsecured) as shall have been authorized by or under authority of the Board or the Committee.
